W-number:	W0409360
Date:	February 22nd / 2019

Project

Project Name:	Unnamed "tinder for friends" application.
Project Description:	
	Create a web based application for users to meet other users that have similar interests / hobbies, and are in the same area.
	Team roles:
	Isaac: Project management, Marketing, UI
	Morgan: Database management
	Jonggyu: PHP and Database
	Erich: UI, Database
	Nick: UI, Database, OWASP / Security

Report all project tasks and status, your own tasks, and other team members

KEY:

RED == Not started, YELLOW == In progress, GREEN == Complete.

Project Tasks	Estimate	Actual	%	Assigned	Task Description
	Hours	Hours	Comp	to	
Midterm presentation	2hrs	2hrs	100%	All	Presenting progress of application
Design meetings / group discussion	15hrs	2hrs	50%	All	Standup meetings / discussing what we have done and our plans
Document Management	8hrs	3.5hrs	75%	Isaac	Managing document, getting hours from team, and communicating with Russ regarding expectations
Team support / management	40hrs	13hrs	30%	Isaac	Keeping design on track, helping Erich and Nick with HTML / CSS, making sure everyone on team has task and is not hitting roadblocks, dealing with roadblocks
Server support / management	20hrs	14.5hr	15%	Nick	Manage server, install new software, maintain git
Initial media contact	2hrs	1hrs	100%	Isaac	Reaching out to local Nova Scotian media about interest in coverage when application is completed

Create final	6hrs	2hrs	0%	All	Each student is responsible for writing a
document		5			section of the final document detailing what
					components of the application they were in
					responsible for.
