M05 simple doc

Isaac Lohnes

Prog2500

Code is functionally pretty much the same. I added a new function for working with help:

```
/*help:*/
private void helpMe(string pageName) {
    Help.ShowHelp(null, "../../helpM05.chm", Nav, pageName + ".htm");
}

private void helpButton(object sender, RoutedEventArgs e) {
    FrameworkElement frameE = sender as FrameworkElement;
    if (frameE != null) {
        string helpO = frameE.Tag.ToString();
        helpMe(helpO);
    }
}
```

Here is new output:

Here is new generated help:

helpM05

Welcome

Home ››

Welcome to Isaac's "Random Face Generator™".

Our application includes menus and key-binds to change the current body parts for our face, as well as on screen controls.

Isaac's Face CO. is not responsible for emotional damages incurred from viewing god-awful, ugly faces.

Minimum specs:

A toaster.

Recommended specs:

CPU: Intel Core i7 8700K | **Graphics:** Nvidia GeForce GTX 1080 Ti | **RAM:** 32GB | **Storage:** 512GB M.2 PCIe NVMe SSD, 2TB HDD
